# Guest speakers

Inviting a guest speaker is a great way to inform and inspire your church about caring for creation. You might like to invite a guest speaker if your church is interested in becoming an Eco Church, or to encourage your church on your journey as you progress toward an award and deepen and embed the Eco Church ethos further into your life as a church.

Our **A Rocha UK volunteer speakers** are located across the UK and available both online and in-person. Find out more about our speaker programme and what we offer below:
